

PRESS RELEASE

Nürnberg/Moscow, 23rd March 2012

The AWARDS for the best office projects at Office Next Moscow 2011

OFFICE NEXT MOSCOW 2012:

Russia's leading office forum with a multi-level concept

In May 2012, the Third International Forum for Office Design, Technology and Real Estate "Office Next Mosco", opens its doors for office furniture professionals, real estate developers, architects and design enthusiasts. A sophisticated selection of high-profile office equipment will be shown at the Moscow Design Centre Artplay. Please note: The exhibition space is already fully booked!

From 15th to 17th May 2012, Office Next Moscow offers its visitors the opportunity to do business, to network and to collect new ideas within the framework of the exhibition TRENDS, the conference TALKS and the awards ceremony AWARDS.

This "3-in-1" format of the event distinguishes Office Next Moscow from traditional trade fairs:

TRENDS is the unique exhibition for high-class office furniture and equipment. Premium companies like **Bisley, BuzziSpace, Dauphin, Faram, Herman Miller, Interstuhl, LAS, Milliken, Ora, Philips, Solo, Steelcase, Walter Knoll, Wilkhahn** etc. present their latest developments in a charming loft-style building at the Moscow Design Centre Artplay, a former manometer factory and now one of Moscow's biggest creative centres.

TALKS is the two-day conference with workshops and panel discussions covering topics such as the commercial property development in Russia, office fit-out, ergonomics, optimization of workspace and safety at work. Rogier van der Heide from Philips Lighting and Mark Catchlove from Herman Miller, as well as high profile Russian architects and real estate developers, will share their experiences and best practices.

After an inspiring time at the exhibition and the conference, it is time to party: On 17th May, the AWARDS ceremony for the best solutions in business space design welcomes a wide audience. An international jury, consisting of renowned architects and designers, evaluates all submitted projects and chooses the best in 11 categories. Google, Nokia, PricewaterhouseCoopers, Siemens and Walt Disney are some of the winners from the 2010 and 2011 awards. After the ceremony, visitors have the opportunity to meet and greet in a relaxed atmosphere!

The new website is now online: www.officenext-moscow.com (in English)

Information also in Russian www.officenext.ru

Background information on the organizers:

OWP Ost-West-Partner GmbH has been the organizer of international trade fairs, business events and conferences specializing in the Russian market for more than 20 years. During this time, the company has established contacts to numerous Russian representatives in politics, business, media and society. Today, these contacts form a network which contributes significantly to the success of the trade shows and events.

OfficeNEXT is the leading Russian online platform which provides the latest information about office design, real estate and technology. Moreover, OfficeNEXT organizes events like business breakfasts, workshops, competitions or product presentations for companies, architects and designers throughout the year.
